

2017 Rosé de Merlot

The 2017 Rosé de Merlot was hand harvested from our lower lying Misty Vineyard where it reach a Brix of 22. The half- ton of fruit was gently crushed and allowed skin contact with the juice for 12 hours. The thicker skin Merlot provides a deeper Rose' than that from Pinot Noir and Grenache. The resulting pleasant coral hue foretells the light raspberry and pomegranate essence on both the nose and the palate. Austere and mineral driven, this rose" begs for a summer picnic. Serve with fresh summer veggies, pate", creamy cheese, and light summer fish dishes..
